USDA RURAL DEVELOPMENT HOUSING ACTIVITY

FISCAL YEAR 2019 YEAR-END REPORT

HAC

Rural Research Report

Since the 1950s. the United States Department of Agriculture has financed the construction, repair, and affordability of millions of homes for low- and moderate-income rural Americans. In FY 2019, USDA obligated 112,760 loans, loan guarantees, and grants totaling about \$16.4 billion, and 258,878 units of tenant assistance representing about \$1.36 billion to support affordable housing for eligible families in rural areas.

This report was prepared by Michael Feinberg of the Housing Assistance Council (HAC). The substance and funding of that work are dedicated to the public. HAC is solely responsible for the accuracy of the statements and interpretations contained in this publication.

HAC, founded in 1971, is a nonprofit corporation that supports the development of rural low-income housing nationwide. HAC provides technical housing services, loans from a revolving fund, housing program and policy analysis, research and demonstration projects, and training and information services. HAC is an equal opportunity lender.

IX. About the Data	Data 1

EXECUTIVE SUMMARY

USDA RURAL HOUSING SERVICE Fiscal Year (FY) 2019 Executive Summary

The Housing Assistance Council (HAC) presents an overview of the United States Department of Agriculture (USDA) Fiscal Year (FY) 2019 USDA Rural Housing program obligation activity in this publication, USDA Rural Development Housing Funding Activity: Fiscal Year 2019 Year-End Report.

Since the 1950s, USDA has provided financial assistance for the construction, repair, and affordability of millions of homes for low- and moderate-income rural Americans. USDA accomplishes this activity through its Rural Development (RD) agency. In FY 2019, USDA obligated 112,556 loans, loan guarantees, and grants totaling about \$16.2 billion not including Multi-family Preservation and Revitalization program loan and grant funding. Since the first USDA housing loan was made (around 1950), the agency has funded the construction, purchase or repair of over 5.2 million rural housing units representing \$335.7 billion.

Beginning in 1978, USDA also provided funding for rental assistance to help tenants better afford to rent housing in agency-financed multi-family housing units. In FY 2019, USDA obligated 258,878 annual units of tenant assistance representing about \$1.36 billion through the combined total of the Section 521 Rental Assistance and the Section 542 Rural Housing Voucher programs. Since the late 1970s, USDA funded nearly \$24.6 billion for rental assistance and tenant vouchers representing 3.57 million annual units.

Single Family Housing

Section 502 Homeownership loans have been the center of USDA's single family housing programs. Providing both direct and guaranteed mortgage assistance, the agency serves low- and moderate-income households. The Section 504 Repair and Rehabilitation program provides low-interest loans and grant funding for very low-income (VLI) households to help them improve or modernize their homes and remove health and safety hazards.

Section 502 Loan Guarantees Decreased but Continue to Dominate RD Single Family Housing Lending. USDA Homeownership activity has shifted away from direct lending over the last 25 years. The Section 502 Guaranteed loan program, the largest of the Single Family Housing programs, obligated \$14.9 billion (99,322 loan guarantees). This is about \$1.96 billion (16,542 loans) less than last year and represents the lowest obligation level since 2010. The reduction in loan obligations may be due to a general shortage in

the supply of affordable homes. The average Section 502 Loan Guarantee was \$149,670 in 2019, approximately \$4,550 higher than in 2018. The average income for a Section 502 guaranteed loan borrower was \$63,240 in FY 2019 (\$61,119 in FY 2018).

Full Obligation of the Section 502 Direct Program. For the Section 502 Direct program, USDA obligated about \$1.0 billion (6,194 loans) in loan obligations in FY 2019, about \$99.2 million (1,005 loans) lower than last year. The appropriation level was about \$100 million lower in FY 2019 than the year before. USDA obligated nearly \$366.8 million for VLI loans which represents about nearly 37 percent of the obligated funds. The average Section 502 Direct loan was \$161,700 in 2019, approximately \$8,800 higher than in 2018. The average income for a Section 502 Direct loan borrower was \$35,220 in FY 2019 (\$33,838 in FY 2018). USDA implemented a change to its income eligibility requirements by adopting a two-tier income limit structure (also known as income banding) within the single family housing direct loan program. The new limits are based on the 4-person income limits for households from 1 to 4 persons and the 8-person limit for households of 5 to 8 persons. Before the change, there were separate limits for each household size. For example, the income limit for a single person household was lower than the limit for a 2-person household. This extends program eligibility to more households at both the low- and very low-income levels.

Section 504 Loan and Grant Obligations Lower than Last Year. The Section 504 Repair and Rehabilitation programs obligated 2,735 loans representing \$17.4 million. This is 490 fewer loans and \$2.4 million less than last year. There were 3,908 Section 504 grants to assist elderly very low-income households in removing health and safety hazards or improve accessibility, totaling about \$24.8 million. This is \$3.4 million (677 grants) fewer than obligated last year. The average income for a Section 504 Direct loan borrower was \$17,503 in FY 2019 (\$16,073 in FY 2018). For Section 504 Grants, the average income was \$12,905 in FY 2019 (\$14,002 in FY 2018). The two-tier income limit structure applies to the Section 504 Loan and Grant programs.

Other USDA Single Family Housing Activity. In the Section 523 Self-Help Housing grant program, the agency obligated 32 grants (\$27.7 million) and 5 technical and management assistance contracts (\$1.3 million) compared to 42 grants (\$26.7 million) and 5 technical and management assistance contracts (\$6.1 million) last year. There were 704 Section 502 loans for borrowers participating in the Self-Help program¹ totaling \$135.5 million in FY 2019, 110 fewer Self-Help borrowers than in FY 2018. The average income for a Section 502 Self-Help borrower was \$38,329 in FY 2019 (\$36,989 in FY 2018).

There were no loans in the Section 523 site loan program and one loan totaling nearly \$1.9

.

¹ These loans are included in the totals for Section 502 Direct loans in the paragraph above.

million in the Section 524 site loan program.

Multi-Family Housing

Guaranteed loans through the USDA Section 538 program have been the most significant source for Agency financed new construction rental housing units. This program reaches some low- and very low-income renters but it does not provide tenant subsidies (Rental Assistance funding) for the properties financed. Most funding in the Multi-Family Housing programs has been directed to the repair and rehabilitation of older Section 515 Rural Rental Housing properties. As the Section 515 loan portfolio continues to age, the loans on these properties are maturing or reaching the final payment. When the Section 515 loan is paid off, the property and its tenants no longer qualify for Section 521 Rental Assistance.

Fewer Section 538 Loans but more Section 515 Loans in FY 2019. USDA obligated 90 Section 538 Guaranteed Rental Housing loans this year totaling over \$160 million. This is 42 fewer loans and over \$25 million less than last year's totals. The Agency reported 86 Section 515 loans totaling over \$102 million, significantly higher than the \$42.6 million funding 35 loans in FY 2018. Some of the funding for Section 515 loans in FY 2019 may have come from other programs such as the MPR program. For the Section 514/516 Farm Labor Housing (FLH) program, 17 loans for nearly \$20 million and 7 grants (\$8.7 million) were obligated in FY 2019. Last year, there were 19 FLH loans and 12 grants representing about \$35.5 million and \$17.2 million respectively. Farm Labor funding in FY 2019 financed 584 new construction units for farm laborers compared to 1,378 new construction units last year.

Primary Use of Multi-Family Direct Loan and Grant Funding Continues to be for Rehabilitation of Existing Section 515 Stock. Most of the Section 538 and Section 515 Rural Rental Housing funding was used for rehabilitation of Section 515 units. Due to inconsistency in the data, we were not able to reliably determine the numbers of units financed with these funds. We also found some inconsistencies with the MPR obligations for FY 2019 and did not include those in this report.

Section 521 Rental Assistance Funding Slightly Less than Last Year. Section 521 Rental Assistance (RA) obligations comprised \$1.33 billion (252,319 units). This is nearly \$13.9 million less (16,195 fewer units) than last year. RA renewals decreased over the previous year (252,319 units in FY 2019 and 268,514 units in FY 2018). This is the third year of decreased RA renewals. The decreases could be due to improvements in the process used to estimate RA needs for the upcoming 12 months which reduces the number of "rerenewals" of a RA contract in the same year. It could also reflect the loss of properties to the portfolio due to loan prepayments and maturing mortgages. There were also 447 units of "new construction" RA funding, up from 374 new construction units in FY 2018. The new construction RA funded new Farm Labor Housing units.

Multi-Family Housing Voucher Demand Continues to Increase. There were 6,559 Rural Housing Vouchers obligated totaling \$28.6 compared to 6,353 obligations representing \$26.7 million last year. The number and dollar obligations for vouchers have been steadily increasing as more properties prepay their Section 515 loans. Eleven states account for 4,300 (nearly two-thirds) of the total vouchers obligated. states (Florida, Illinois, Indiana, Iowa, Michigan, Missouri, New York, South Dakota, Texas, Washington, and Wisconsin). Although the appropriated amount was higher than it was the previous year, the demand for the funding exceeds the amount available. To meet the voucher needs, funding may be transferred from the MPR appropriation, decreasing the amounts available for rehab.

Other USDA Multi-Family Housing Programs. USDA also funded 130 grants through the Housing Preservation Grant (HPG) program totaling \$14.5 million, an increase of \$3.7 million, but 13 fewer grants compared to FY 18.

The Rural Housing Service (RHS) annual obligation reports are produced by the Housing Assistance Council (HAC) 1025 Vermont Ave., NW, Suite 606, Washington, DC 20005. The annual figures derive from HAC tabulations of USDA –RHS 205C and 205F report data and are supplemented by data from the RHS National Office. We also cross checked the data as presented in the FY 2021 Congressional Budget Justification. For questions or comments about the obligation reports, please contact Michael Feinberg at 202-842-8600 or michael@ruralhome.org.

Appropriation and Obligation Tables

USDA SECTION 502 DIRECT HOMEOWNERSHIP LOANS, FY 2008 - FY 2019

Fiscal Year	Note	Appropriations (in Millions)	Obligations (in Millions)	Difference
2008	*1	\$1,129.4	\$1,138.8	(\$9.4)
2009	*2	\$1,121.5	\$1,455.9	(\$334.4)
2010	*2	\$1,121.0	\$2,144.9	(\$1,023.9)
2011		\$1,121.0	\$1,119.2	\$1.8
2012		\$900.1	\$900.0	\$0.1
2013	*3	\$840.1	\$827.2	\$12.9
2014		\$900.0	\$808.1	\$91.9
2015		\$900.0	\$899.8	\$0.2
2016		\$900.0	\$958.3	(\$58.3)
2017		\$1,000.0	\$999.9	\$0.1
2018		\$1,100.0	\$1,100.8	(\$0.8)
2019		\$1,000.0	\$1,001.6	(\$1.6)

1 FY 2008 included obligation of supplemental disaster funds.

2 FY 2009 included an additional \$1 billion for USDA direct Section 502 loans and \$10.472 billion for Section 502 guaranteed loans through the Recovery Act. The funding was to be available through FY 2010.

3 FY 2013 reduced the appropriation level to the amount reflected in this chart through a sequestration and a recission of funds.

USDA SECTION 502 GUARANTEED HOMEOWNERSHIP LOANS, FY 2008 - FY 2019

Fiscal Year	Note	Appropriations (in Millions)	Obligations (in Millions)	Difference
2008	*1	\$4,220.0	\$6,756.3	(\$2,536.3)
2009	*2	\$6,223.9	\$15,733.2	(\$9,509.3)
2010	*2	\$12,000.0	\$16,763.7	(\$4,763.7)
2011		\$24,000.0	\$16,858.9	\$7,141.1
2012		\$24,000.0	\$19,213.1	\$4,786.9
2013		\$24,000.0	\$22,350.5	\$1,649.5
2014		\$24,000.0	\$19,051.3	\$4,948.7
2015		\$24,000.0	\$18,623.2	\$5,376.8
2016		\$24,000.0	\$16,357.3	\$7,642.7
2017		\$24,000.0	\$19,279.9	\$4,720.1
2018		\$24,000.0	\$16,826.4	\$7,173.6
2019		\$24,000.0	\$14,865.9	\$9,134.1

1 FY 2008 included obligation of supplemental disaster funds.

2 FY 2009 included an additional \$1 billion for USDA direct Section 502 loans and \$10.472 billion for Section 502 guaranteed loans through the Recovery Act. The funding was to be available through FY 2010.

USDA SECTION 504 REPAIR LOANS, FY 2008 - FY 2019

Fiscal Year	Note	Appropriations (in Millions)	Obligations (in Millions)	Difference
2008		\$30.0	\$29.9	\$0.1
2009		\$29.7	\$27.0	\$2.7
2010		\$31.6	\$26.2	\$5.4
2011		\$34.0	\$21.9	\$12.1
2012		\$29.5	\$10.0	\$19.5
2013	*1	\$27.1	\$14.3	\$12.8

Data

About the Data

ABOUT THE DATA

The USDA Rural Development (RD) Year-End Report presents fiscal year Rural Housing program loan and grant funding activities for most USDA housing programs at the state and national level. These figures derive from HAC tabulations of USDA-Finance Office reports. Most of the data comes from the USDA Rural Development "Report Code (RC) 205– Report of Loan and Grant Obligations, Vouchers, Allotments or Distributions."

The RC 205 report summarizes the number and dollar amount of the agency's fund obligations by program and by State. Sections of the report referenced herein are:

RC 205 – H includes data on the USDA housing programs except for Rental Assistance.

RC 205 – F contains summarized Rental Assistance data.

Other data used in this report were provided by USDA's Single Family and Multi-Family Housing Divisions in the National Office. Examples of this include data on household income for single family housing borrowers and multi-family tenants. USDA Finance Office reports focus on the numbers and dollar amounts of the program loans and grants. Breakout information such as the numbers of new construction and rehabilitated/repaired units financed in Multi-Family Housing complexes comes from the agency's National Office program staff. We noted some differences in the data and information from the FY 2021 Budget Justifications were used to reconcile where feasible.

Data on tenant incomes is usually published several months after the end of the fiscal year in the Multi-Family Housing Occupancy Report.

Limitations of the data

The loan and grant obligation data in this report is based on the fiscal year-end (September 30, 2019) reports. Agency adjustments or corrections to the data after that date are not typically provided to HAC and therefore not available.

Definitions

Allocation – the distribution of congressionally appropriated funds to the States. Most of the Single-Family Housing program funds are allocated to the States by a formula. Multi-Family Housing program funds are not allocated. MFH funds are made available through a Notice of Fund Availability (NOFA) or a Notice of Solicitation of Applications (NOSA).

Obligation – a commitment of program funds to a specific loan or grant applicant.

Contact Information

The *USDA Rural Development Year-End Report* is produced by the Housing Assistance Council (HAC), 1025 Vermont Ave., NW, Suite 606, Washington, DC 20005.
