# What is HUD-VASH?

- Collaborative program with HUD, who provides Housing Choice Vouchers allocated to participating Public Housing Authorities (PHA) to assist with rental payments.
- VA provides clinical case management and services to assist Veterans to obtain and sustain permanent housing while also assisting Veterans with access to treatment and other supportive services that promote their quality of life

# What is HUD-VASH?

- Operates utilizing the principles of Housing First
- Targets and prioritizes the chronically homeless and most vulnerable homeless Veterans first
- Primary goal is to move Veterans and their families out of homelessness into permanent supportive housing while promoting maximum Veteran recovery and independence in the community

# Principles of Housing First

- Housing as a basic human right
- Respect, warmth, and compassion for all clients
- A commitment to working with clients for as long as they need
- Scattered-site housing, independent apartments
- Separation of housing and services
- Consumer choice and self-determination
- A recovery orientation
- Harm reduction

# Use of Evidence Based Clinical Models

- Housing First – Treatment is not required for program
- Case management participation is required
- Clinician expected to work at highest level of licensure/competencies
- Clinical engagement depends on:
  - Clinician's training
  - Veteran's needs
  - Veteran's goals
  - Threats to the Veteran's housing stability/overall stability

# Basic Program Information

- Contributor to an almost 50% drop in Veteran homelessness since 2010
  - Ongoing bipartisan support
- Between fiscal year (FY) 2008 and FY17 there have been approximately 93,000 HUD-VASH vouchers funded by Congress
  - VA and HUD are currently working to allocate another 5,000 vouchers from the FY18 HUD budget
- VA currently has approximately 4,000 staff working in HUD-VASH (not including contracts)
  - Anticipate adding up to 200 additional staff to support the FY18 vouchers that are being allocated

# What does “Separation of Housing and Services” really mean?

- Landlords need to enforce the lease as they would for any other renter
  - Written warnings
  - Timely payment of rent

# Voucher Types

  - Housing Choice Vouchers (HCV)
  - The HCV program allows very-low income families to choose and lease or purchase safe, decent, and affordable privately-owned rental housing

  - PHA enters into an assistance contract with the owner of a property for a specified number of units and for a specified term
  - Assistance is tied to the rental unit

- Majority of HUD-VASH vouchers are issued as tenant-based
  - Approximately 85,600 HUD-VASH vouchers
- Allows Veterans to choose where they live
- Voucher moves with the Veteran
- May be able to offer more choice in housing
- Value is based on the Fair Market Rate
- Rental calculation for HUD-VASH Veterans **is** the same as under the regular HCV program

# Project-Based HUD-VASH

- Approximately 8% of the total HUD-VASH allocation
- Allows for a greater concentration of services to be provided to Veterans
- Can create Veteran communities and support systems
- Veteran choice in selecting project-based housing
- Adds dedicated housing stock for Veterans in the HUD-VASH program
- Subsidy is attached to the unit and is not transferrable
- Value is based on the Fair Market Rate

# What about “Scattered-Site Housing; Independent Apartments?”

- Veteran choice in choosing tenant-based or project-based housing
  - Project-based may not be available at all locations
- Some Veterans prefer to live with other Veterans
- These two types of vouchers support the principle of housing choice, as no Veteran is forced to utilize one type of housing in HUD-VASH
