

VII. About the Data

ABOUT THE DATA

The USDA Rural Development (RD) Year-End Report presents fiscal year utilization and activity of most USDA housing programs at the state and national level. These figures derive from HAC tabulations of USDA-RD 205c,d, and f report data. Additional data and information for the year end report were also provided by USDA's Single Family and Multifamily Housing Divisions in the National Office.

Notes

Some year-end obligation amounts exceed 100 percent of the allocation due to the utilization of carry-over funds from previous years and the transfer of between programs and states.

Historic dollar obligation amounts are not adjusted for inflation unless noted.

In FY2009 USDA's Section 502 Homeownership Loan Program received funding from the 2009 American Recovery and Reinvestment Act (ARRA) in addition to its FY2009 appropriation. ARRA funded lending activity is generally indicated from regular Section 502 appropriations in FY2009.
