

## ABOUT THE DATA

The USDA Rural Development (RD) Year-End Report presents fiscal year utilization and activity of most USDA housing programs at the state and national level. These figures derive from HAC tabulations of USDA-RD 205c,d, and f report data and the annual 1940-L allocation report. Additional data and information for the year end report were also provided by USDA's Single Family and Multifamily Housing Divisions in the National Office.

### Notes

Some year-end obligation amounts exceed 100 percent due to the utilization of carry-over funds from previous years and the transfer of between programs and states.

In March 2007, RD began monthly reporting of Multifamily Housing Vouchers. The summary page was amended in March of 2007 to accommodate the inclusion of this new obligation item.

In June 2006, RD began reporting special obligations of Section 502 Homeownership and Section 504 Rehabilitation funds for states affected by the 2005 Hurricanes. These 2005 Hurricane obligations are reported on a specific page within the HAC report. The special Hurricane obligation reporting from RHS does not indicate the income level (i.e., low or very-low income) for Section 502 Direct funds. The summary page was amended in June of 2006 to accommodate the inclusion of this new obligation item.
