This report was prepared by the Housing Assistance Council (HAC). The substance and funding of this work is dedicated to the public. HAC is solely responsible for the accuracy of the statements and interpretations contained in this publication.

Most of the information in this report was provided to HAC by the U.S. Department of Agriculture's Rural Development (RD) Agency. HAC is especially appreciative to Julia Cole of the St. Louis RD office for her monthly reporting of program obligations. We also wish to thank Phillip Stetson, Mike Fienberg, and Scott Nista from the National Office in Washington DC for special reporting on Single Family programs. Likewise, Timothy James from the Washington office provided valuable information on RD's Multifamily Programs.

HAC, founded in 1971, is a nonprofit corporation that supports the development of rural low-income housing nationwide. HAC provides technical housing services, loans from a revolving fund, housing program and policy analysis, research and demonstration projects, and training and information services. HAC is an equal opportunity lender.
